Date: 17 November 2021

Dear Owner / Occupier,

Proposed Alterations to the Twickenham Event Day Controlled Parking Zone

Following the expansion of the Twickenham 'event day' controlled parking zone (CPZ) in March this year, I am writing to you in relation to ongoing complaints from some residents of Catherine Gardens which have resulted in a petition being received requesting the removal of the event day parking controls from Leigh Road and Norbury Avenue (between Catherine Gardens and Ellerdine Road).

This petition has been submitted due to concerns from some residents that there will be insufficient parking provisions available in Catherine Gardens during event days due to the surrounding roads being incorporated in the CPZ and residents of Catherine Gardens being ineligible for parking permits in the scheme.

In response to the petition and complaints, and following discussions with your local ward councillors, the council are now commencing a consultation with residents of Catherine Gardens and those on Ellerdine Road within close proximity of Leigh Road and Norbury Avenue.

The purpose of this consultation is to understand residents' views on the following three options:

Option 1 - Retain Leigh Road and Norbury Avenue (between Catherine Gardens and Ellerdine Road) in the Twickenham event day CPZ as at present.

This would mean that only valid permits holders can park in these roads whilst the CPZ is operational on event days.

Option 2 - Remove Leigh Road and Norbury Avenue (between Catherine Gardens and Ellerdine Road) from the Twickenham event day CPZ.

This would remove these sections of roads from the CPZ meaning that parking would be 'uncontrolled' on event days thereby allowing non-permit holders to park.

Option 3 - Remove part of Leigh Road and Norbury Avenue (between Catherine Gardens and Ellerdine Road) from the Twickenham event day CPZ.

This would split the two sections of roads thereby resulting in part of the road being for use by permit holders on event days whilst the remaining part can be used by non-permit holders. The 'split' would be midway through the roads where the rear gardens of Catherine Gardens and Ellerdine Road meet, with the sections of roads closest to Ellerdine Road being retained in the event day CPZ and the sections closest to Catherine Gardens being removed from the CPZ.

It should be highlighted that the preferred option will only impact the roads on Twickenham event days and they would continue to be 'uncontrolled' on non-event days.

The council would welcome your views on these proposals, and I would strongly encourage you to complete the “**Proposed Twickenham Event Day CPZ Alterations**” online survey using the following link: www.hounslow.gov.uk/consultations

Should you be unable to complete the survey online, a paper questionnaire can be provided by contacting the team via the details shown at the top of this letter.

I would be grateful if you would complete the online survey by no later than 15 December 2021.

The results of the consultation will be reported to your local ward councillors for consideration and you will be notified of the outcome in due course.

Should you have any queries regarding the above, please do not hesitate to contact me via the details shown at the top of the letter.

Yours faithfully,

Satpal Gakhal,
Traffic Technician (Parking Management),
Traffic, Transport & Parking,
London Borough of Hounslow
